

Sale Name: 22nd Spring Fever Machinery Auction

LOT 236d - 1980 Marmon Cab Over / Binion Ranch Truck

VIN M2536HDTBC86

Title Status Clear title

Description

1980 Marmon Cab Over, 400 NTC Cummins, starts easy, runs good, newer alternator, air cyl on the 5th wheel looks updated, engine appears original, tag on it says 1979, 11R24.5 tires, aluminum front wheels, chrome steel rear on outside only, Reyco Spring suspension, inside cab is ok, totally vinyl, crushed velour seats, trip meter reads 83,590 miles, estimated 329,000 miles on the truck.

This truck originally came off the former Binion Ranch in Jordan, Montana. We can assume that when the family sold the ranch in 1999, the truck was sold off. As far as we know, the sale of the truck then was handled by Ted Binion. He sold it to the former owners of the Hafla Ranch. When the current owner bought the Hafla ranch, it came with it. It made it from Jordan, MT to Cohagen, MT.

It was driven to our auction center. There are a few faded markings from it's bygone Binion Ranch days. If anyone happens to have a picture of it from back in the 1980's, we would love to see it. Items like this are memorable. More than one person has commented to us about the red trailer it used to pull & what stories it could tell.

Now as auctioneers we don't really care where it winds up next. With that said, we would love to see it go one of two places: Jordan, MT or Las Vegas, NV.

For those of you who are too young to remember Benny Binion, we have included a photo of him and his daughter from 1969. Used with Permission from the Las Vegas News Bureau.

VIN: M2536HDTBC86 **Title:** Clear title

Front tires: 11R24.5 **Rear tires:** 11R24.5 **Transmission:** 13 Speed Shifts Great

Quantity: 1
