

**Sale Name:** 22nd Spring Fever Machinery Auction

**LOT 235c - 2007 International 9900**

**VIN** 2HSCHAPR97C426490

**Title Status** Clear title

### Description

One Owner: 2007 International 9900, Cummins ISX @ 500hp, 18 Speed Engine: 479,000 on reman from Cummins; 18 Speed Transmission: 224,980 miles on it. Rear Ends: 251,000 miles on them; Rear Brakes: New brakes and drums, zero miles on them. (Both axles.) Chassis: overall miles 1,794,192 miles Truck looks great, sounds great, it has had the best of care over the years. If they could have found a driver, it would still be on the road. The tall fairing could be unbolted in you don't need it. See Pictures. If you let this truck sit for a few weeks you need to let the lift pump run until it finishes pushing the fuel. If you use it everyday, not much of an issue. {prime bleeds off it}

**VIN:** 2HSCHAPR97C426490 **Title:** Clear title

**Front tires:** 275/80R24.5 **Rear tires:** 275/80R24.5 **Transmission:** 18 Speed
