### Description

1996 Ford F-350 4x4 w/ 7.3 diesel, 257,000 miles, was driven 65 miles to sale site, clean inside, clean outside, aluminum front bumper, updated turbo, injectors & added intercooler about two years ago. Seller states the new turbo is not bigger, just more efficient than a stock one.

**Update:** Expect to replace both batteries. We suspect one has a bad cell. Truck either starts perfectly or needs a jump. We suspect the batteries.
