Description

Update: The PR for the Estate has instructed us to sell the car. The family thanks everyone for the interest in the car & the kind words. It will have a new garage to hang out in, will it be yours?

1957 Chevrolet Nomad Wagon, this car is very clean, it had a frame off restoration in 2013. The body is very straight, a couple minor paint imperfections, nothing major. Note two cracks in windows. The interior is super clean and looks fantastic. This car could easily be sold at any one of the high end specialty auctions you see on TV. It is a high grade restoration that has been enjoyed, driven around and taken to car shows. This car is being sold to settle the Lynn Danklefsen Estate.

It went for it's last Sunday drive with Lynn's son & grand kids on Easter weekend. The car is ready for it's next care taker. If you need a picture of any part of the car that concerns you reach out to us with a call or email. We want you to be completely satisfied.

If you are expecting a concourse 100 point show car, keep looking, this is not the car for you. If you want a car you can drive to get ice cream in & enjoy, you found it.

Drive Train: 400 SBC TH350 and After crawling around underneath, it is clear this was a body that was dry from the beginning. Seams look good, non replaced bolts show nice

clear threads. We did not see any glaring issues or hacks. The videos are meant to show how it is in real life, no editing, nothing overlooked on purpose. Questions? Just call 406-234-7355
