

**Sale Name:** 24th Spring Fever Machinery & More Auction

**LOT 500 - 100 Tons of Corn Silage**

**Description**

**2023 Crop:** You are buying 100 ton of Corn Silage. So much per ton, with a moisture content determined by a John Deere Harvest Lab 3000 System at the time of pickup. Questions: Call Floyd Gabel 406-853-0004

Buyer needs to have silage removed by 1/30/2025

If buyer is using their own truck the minimum load size is 15 ton

Load days are Monday – Saturday 7am – 5pm, call ahead to schedule pickup 406-853-0004

We posted a video link to explain how important the Harvest Lab 3000 is in determining the quality of feed you are buying.

**\*\*Lot will be sold at 100 tons at 68% moisture from cured silage pit. Total weight will vary at pickup depending on moisture test per lot.\*\***
