Description

2006 Dodge Ram 2500. 5.9L Cummins, Automatic, 4x4, Mega Cab. This truck drove down from Jordan, MT. We were told this truck had a piston replaced and has new injectors. Odometer shows 102,661 miles. Clean interior, 7ft flatbed, TDK Grill Guard.

Truck runs really nice. We noticed the shifter has a hard time coming out of park and that the drivers side window wants to come off track when getting rolled down. *The shifter was that way when they bought it from a dealer in Miles City when it had sixty thousand miles on it. it just comes out of park hard, but goes in easily. *
