LOT 232 - 2015 Ford F-450 Service Truck in Billings, MT

VIN 1FD0X4HT9FEC17345

Title Status Clear title

Location: Located in Billings, MT

Description

2015 Ford F-450 Service Truck at the CEI yard in Billings, MT

6.7L Diesel, automatic, 4x4

11ft service bed, 5K Liftmoore crane, Miller Wildcat 200 DC Welder/generator, Ingersoll Rand Gasoline Compressor.

Runs, drives, and stops. This is a very clean truck and presents itself great. Odometer shows 80,797 miles. The dash does say "check brakes system". There isn't a ABS light on.

Crane works. We plugged in the controls and everything worked good. This unit is PTO driven from engine of truck.

The welder shows 432 hours. It starts up and runs. Doesn't have any leads.

The air compressor starts up/runs but is leaks oil out of it when it's running. Oil smells like gas. Appears to be leaking from engine area.

Overall this looks like a decent truck.

VIN: 1FD0X4HT9FEC17345, **Title:** Clear title
