

Sale Name: 25th Spring Fever Machinery & More Auction

LOT 205 - John Deere 244H

VIN sn. 6244HX000139

Area A - Front Lot West Side

Description

Movement Issues / John Deere 244H, shows 7,906 hours, has third valve, runs smoothly brakes worked when tested, loader engage forward & reverse movement, but it acts like it's fighting itself to do it. It appears to be stuck in high range, a couple hose leaks, looks good, it is not "usable in high only" it will need troubleshooting / repair.
