

Sale Name: 25th Spring Fever Machinery & More Auction

LOT 376 - VW Sand Rail

VIN 019057

Title Status Has Clear Title

Area A - Front Lot West Side

Description

VW Sand Rail

Runs, drives, and stops.

This Sand Rail has a assigned VIN and a clear title.

1600cc engine, 4 speed manual, rear brakes with Individual brake controls, 15" wheels, and other aftermarket parts.

Seems to run pretty good at idle and wide open but carburetor isn't quite jetted right or suited for this engine in the mid range. Clutch feels good and brakes are working.

This sand rail spent its life in the St. Anthony Sand Dunes in Idaho.

Quantity: 1
