LOT 2001 - Smaller Montezuma Tool Box

Description

Nice smaller Montezuma box.

Model: SM200B.

This is a handy size because it will not be too heavy to move. Good for your pickup truck, car, or suv. It's a little over 2ft wide with the handles. 14.75" tall and about 13.5" deep. It looks like it was barely used.

Quantity: 1
